

Upcoming Mayoral Candidates Debate

October 4th, 1 – 3 pm

Brigantine Room, Harbourfront Centre

Presented by the Bathurst Quay Neighbourhood Association and the York Quay Neighbourhood Association

Join us for this opportunity to make sound voting decisions based upon the results of this debate.

Particular Points of Interest and Discussion

- The City's historic role in protecting neighbourhoods from unacceptable change
- Protecting and nurturing the waterfront, as Toronto's recreational jewel, for the benefit of residents and for the approximately 12 million Torontonians and visitors who come to it every year
- The need to transition to green regional transportation - the technology of the future
- Addressing the mounting impact of noise and other pollutants on Torontonians' health - the waterfront is impacted by three significant sources - the Gardiner Expressway, the Island Airport's expansion, and the proposed expansion of rail traffic using diesel trains
- The need for safety of our city streets and neighbourhoods
- The key message - we have a great city, and what makes it great is, in large part, our thriving communities, our cultural activities, and the priority we give to environmental issues. We want to hear from our candidates the importance of protecting and encouraging these key points.

We look forward to a large turnout for this important event. Come out and have your questions answered directly by the candidates.
